

Setting Up Rename Tables

Enabling per showfile

As a “non-default” feature, this option has to be manually added to the project settings.

- Project Settings
- Scroll to bottom
- New Field
- isRenameTableEnabled
- Check the checkbox
- Ok

Setting up the tables

- Open project folder
- Objects
- New “Tables” folder
- New “Search” file with search terms
- New “Replace” file with replace terms

Preparing the content
